Quick Guide to Resources for Data-Informed Decision Making at IUPUI

Tool	Description	Link/Program Owner
Academic Affairs Forum Research Reports – Education Advisory Board (EAB)	Unlimited access to original research, market intelligence, customized benchmarking, and forecasting tools, implementation toolkits, and other resources related to a range of topics (e.g., student success, faculty affairs, research, globalization)	www.eab.com Open to all faculty and staff at IUPUI. Must register and create account in order to gain full access to research briefs. Contact: Karen Lee, Office of Academic Affairs - klee2@iupui.edu
Academic Analytics	Provides data on primary areas of scholarly achievement represented in research-intensive programs. Campus leaders can use data and tools to analyze programs, departments and schools in order to make strategic decisions, benchmark scholarly research activity and support program review. Also may be useful for identifying external reviewers and nominating faculty for awards.	http://www.academicanalytics.com/ Note: Chairs and Deans must complete a series of training modules to gain full access to database. Contact for Access: Alicia Gahimer, Office of the Vice Chancellor for Research - algahime@iupui.edu
Activity Insight (Digital Measures)	Activity Insight will replace the "FAR" (Faculty Annual Report) in Fall 2016. Activity Insight (produced by Digital Measures) will enable faculty to more efficiently report on their annual activities, while enabling administrators to organize, manage and report on faculty activities.	https://uaa.iu.edu/academic/faculty-affairs/activity-insight.shtml Faculty Log in: Navigate to One.IU and search for "Digital Measures–Activity Insight" to launch the Task. Login using IU CAS UserID and Passphrase. Report Extraction: Users identified by school deans. Contact: Margie Ferguson, Office of Academic Affairs – mferguso@iupui.edu
Budget Reporting	Provides financial information on budget and financials for the current budget year as well as historical financial information.	https://www.budget.iupui.edu/#/, then choose Management Reports. Contact: Kevin Walsh, Budget Office – kcwalsh@iupui.edu
Career Opportunities and Outcomes (IUPUI Talent and First Destination Survey)	The IUPUI Talent Job Board (Symplicity) is the central portal through which employers register and post part-time, internship, and full-time opportunities that can be viewed by almost all IUPUI students. Reports are available on employer interest by school and industry. The First Destination Survey annually reaches at least 40% of that year's graduates to ascertain their post-graduation employment and education plans. Reports available by school and major provide important return on investment insights.	http://career.iupui.edu Register for access to Symplicity: https://career.iupui.edu/faculty-staff/accessing-symplicity/index.html First Destination Survey: https://career.iupui.edu/outcomes/index.html Contact: Matt Rust, Office of Campus Career and Advising Services - mmrust@iupui.edu
Course/Class Enrollment Reporting-IUPUI	Provides enrollment reports for campus leaders to gauge whether numbers of seats in classes (or numbers of sections of courses offered) might be adjusted to meet student demand. Reports are updated weekly.	https://www.iu.edu/~rgistra/eReport/ Contact: Mary Beth Myers, Registrar - mbmyers@iupui.edu
EAB (Educational Advisory Board) Student Success Dashboard	EAB Student Success Collaborative Campus (EAB SSC Campus) is a student success management platform for IUPUI academic advisors, student mentors, career services professionals, and other student success educators and administrators. The platform offers users the ability to conduct comprehensive searches for students using robust filtering criteria, to lead outreach and appointment campaigns, to manage front desk and workshop check-ins, and to gain insights into analytics that predict course completion and graduation.	To gain access, contact your local data access coordinator: https://arms.iu.edu/aclookup/ Training for SSC Campus is available from the Office of Campus Career and Advising Services: http://ccas.iupui.edu Contact: Matt Rust, Office of Campus Career and Advising Services - mmrust@iupui.edu
Institutional Research and Decision Support	Provides a wide range of static presentations and reports as well as interactive "student analytic reports" and dashboards that can help to inform campus leaders' decisions.	http://irds.iupui.edu/ Contact: Michele Hansen, IRDS - mjhansen@iupui.edu
IUPUI Data Link	Provides interactive and visual information regarding various metrics aligned with the IUPUI Campus Strategic Plan	http://irds.iupui.edu/Institutional-and-Strategic-Planning/IUPUI-Data-Link Contact: Michele Hansen - mjhansen@iupui.edu
IUPUI Point-in-Cycle Enrollment Management Tool	Web-based system for tracking the status of IUPUI admissions and enrollment for upcoming semesters. Reports are updated each week during active admissions and registration cycles to show how the campus and each school is progressing relative to prior years at the same point in time.	http://irds.iupui.edu/Enrollment-Management/Point-in-Cycle Access Requirement: Completion of the "Acceptable Use Agreement" and "FERPA Tutorial." Verification of completion through https://iu.edu/~usssapps/tools/compliance-lookup Contact: Norma Fewell - nfewell@iupui.edu
PIVOT – Community of Science	Searchable database of external research funding opportunities and IUPUI faculty expertise.	http://pivot.cos.com/funding_main Contact: Alicia Gahimer, Office of the Vice Chancellor for Research - algahime@iupui.edu
University Institutional Research and Reporting - UIRR	Produces official university reports on admissions, enrollment, retention, graduation rates, degree completions, and financial aid for Indiana University and all its campuses.	https://uirr.iu.edu/ Contact: uirr@indiana.edu
